

CPT s

In regards to the conversation we had about use of our CPT time, the CPT committee is trying to come up with a schedule allowing many permutations of staff groupings and subject matter possibilities. Before we meet to get your ideas we'd like you to come up with ideas/priorities that you might be thinking about for use of CPT.

Use this form and either print it out before our meeting or email it to me. pattyd@mcn.org. Julie has worked out a draft of a schedule that she will present.

If you downloaded the PDF version print it out and write on it.
