**Complete the following information from your grade check.**

**Textbook Reading**

Chapter/Section	11.1	11.2	11.3	11.4	11.5
Reading Notes Score (%)					
Late (yes/no)					
How many times did you read the section?					

**Science Journal Score (%):**

**Based on the information above write one goal to improve your score on the next chapter test.**

**My goal for the next chapter test:**

**Complete the following table using your exam and textbook**

**Procedure**

1. Write down each problem # you got wrong in column 1.
2. Write down why you got the problem wrong using Student Reflection Key in column 2.
3. Write down the chapter/section # where the information is located in the textbook in column 3.
4. Write a question, in your own words, that you have about the problem in column 4.

Begin reading the chapter section that you wrote down most frequently after you complete the 4 steps above for every problem you got wrong. When you find the answer to one of your questions, answer it and indicate the page number in column 5. Your goal is to read for understanding and not to simply look up answers. The questions will be different on your retake exam and you will not improve your grade unless you understand the concepts.

**Student Reflection Key:**

1. I read the question incorrectly.
2. I misread the answer I selected.
3. I did not read all of the available choices.
4. I did not study this particular topic enough.
5. I need to put more detail into my answer.
6. I did not understand what was being asked in the question.
7. Other.....(you must include a written response as to why you answered incorrectly).

Question #	Student Reflection #	Chapter and Section #	Question Write a question that is related to the problem that you got wrong.	Answer Write the answer to your question and write the page number in the book where you found the answer.

- If not enough space is provided, add a sheet of paper with the above designated boxes.
- The area (topic) in which I did best was \_\_\_\_\_.
- The area (topic) in which I need the greatest improvement is \_\_\_\_\_.
